

Hello, my name is Salma. When I was in 7th grade, about 5 years ago, I visited a Mosque downtown on a school trip. Everyone was extremely kind and years later it's still a memory that stays with me. Years later and I can't believe how ignorant people can be. I'm so sorry about how the media treats you. I've read articles of how things such as news and Trump have lead to a raise in hate crime and I'm so sorry. I'm mexican and also have been on the receiving end of Trumps hateful speeches and I can't fathom how people support such hatred. I wish people would understand that the acts of few do not represent the bigger majority. Islam is a beautiful religion, it's a wonder how more people don't realize that. I hope your community is well and safe despite everything. I write to see if there is a way I can repay the kindness shown to me so many years ago. I would love to hear back from you if there is any way I can show support for your community.

Kind Regards,
Salma
